

## RESORT RESIDENT MEMBERSHIP

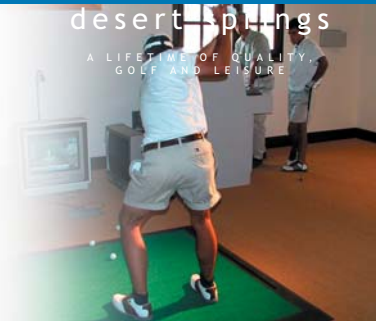

*Resort Resident Members benefit from smaller Joining Fees and Annual Subscriptions than the equivalent normal non- resort Open Members, i.e. those who do not own property on the Resort. This reduction is also reflected in the reduced up-grade fee from Non-Resident Resort Membership to Resident Resort Membership. The offer of up-grade may be taken up at any time that suits the Resort Member, paying only the up-grade fee and the proportional difference in annual subs, for the remainder of the current year. Several Members have taken advantage of this, starting off as a Non-Resident and then converting to Resident Membership, when they find that they want to spend more time at the resort playing golf.*

*Resort Resident Membership entitles the Member to nominate a Partner Member to form a joint membership with them. The Partner Member receives the benefit of a reduction of 15% off the Annual Subscription fee.*

*Resident Members have unlimited free rounds and the opportunity to invite an unlimited number of Family*

*Member Guests and non -family Member's Guests. All their guests receive a discount of more than 45% and 50% off the cost of the standard green fee during Low and High Season respectively.*

*In the event that a Resort Resident Member finds that he or she is going to be unable to take advantage of their privileges in any year, e.g. unlimited rounds, they may elect to pay the Non-Resident annual subscription for that year and play accordingly, without losing their Resort Resident Membership and with the facility to revert to paying the full subscription at any time and resuming their full Resident privileges.*

## RESORT RESIDENT JUNIOR MEMBERSHIP

*Resort Resident Members may nominate a Resort Resident Junior Member, who naturally pays a very reduced up-grade Joining Fee and Annual Subscription, compared with their seniors and of course also when compared with Junior Open Members. Resort Resident Junior Members receive 40 free rounds of golf. In the event they are able to play more from time to time, then Resort Resident Junior Members may play unlimited extra rounds at the Members Special Green Fee Rate, currently more than 45% and 50% less than the standard green fee during Low and High Season respectively.*

*Resort Resident Junior Membership entitles the Member to nominate a Junior Partner Member to form a joint junior membership with them. The Junior Partner Member then receives the benefit of a reduction of 15% off the Junior Membership Annual Subscription fee.*

*Resort Resident Junior and Junior Partner Members also have the opportunity to invite an unlimited number of Junior Members Guests and Family Member Guests, with their guests receiving a discount of more than 45% and 50% off the cost of the standard green fee during Low and High Season respectively.*
