SCUBA DIVING

mediterranean style

The **exceptional** climate enjoyed in the Almanzora region of South East Spain ensures **perfect** diving conditions all year round.

Valid from June 2006 to December 2006

diving courses

Discover the spectacular underwater world and feel at home in it! Scuba diving is a very special adventure that brings together two vastly different realms. You will cross over into another dimension to witness our area's awesome and beautiful life under the sea. It is a unique experience of discovery, not only of a startlingly different environment, but also of a completely new sensation, to add to your life's experiences.

Discover Scuba Diving

For the first time diver. "Discover Scuba" is a 3-hour introductory course to Scuba Diving. Before you take an easy submersion to a maximum depth of 6 metres, you will be instructed on how to use the equipment and get kitted out. The dive with the Instructor lasts about an hour and a half. This course is for anybody aged 12 and above.

Open Water Course

Did you like the Discover Scuba Diving Course? Well if so, then this is the next step. "Open Water" is a 5 day/ 3 hrs. per day to become a certified diver and enable you to join the growing, close-knit international community of divers who observe and explore the open waters of the world. This course includes book and video studying, provision of your Dive Log, and you will have to pass five multiple choice exams and reach a maximum depth of 20 metres.

If you pass, you will receive your certified diver I.D. from SSI (Scuba Schools International) and the skills needed to go onto the DiveMaster level. You will need to bring along two passport photographs and the minimum age required is 15 years.

Boat Dive

Do you already have your diving experience and just want to take a dive in this part of the world? No problem, just present your diver I.D. to the Instructor and enjoy!

DiveMaster

If you've completed the Discover Scuba and Open Water courses, and you still want more, then try out Dive Master! You will need to log 50 dives and you will reach a maximum depth of 30 meters. There are many other speciality diver courses available at your convenience once the Open Water Course has been completed. You will have to present your certified diver I.D. (received from the Open Water Course) to qualify for this advanced course.
